Subject: RE: Follow Up Request from Sunday's Meeting

Good Morning Josh,

I wanted to loop back on my previous email sent on Tues (17 Dec), conscious that you and the council break up for Christmas today.

I'm hoping you'll be able to provide more information on the location of the Site Condition Survey documents before the end of today, so that the community can digest them over the Christmas break and return in the New Year with thoughts and ideas.

Myself and several others within the community arts committee are beginning to feel rather frustrated that promises of the release of these documents have been made on several occasions by Tony Johnson with specific deadlines this week, with no follow up and some of the deadlines he has stated already passing us by. Is there a reason that the Council are being so restrictive with releasing these documents for public review?

I look forward to hearing back from you with some urgency.

Kind Regards,

Ben
